Sir / Madam

As you are well aware, Health and Family Welfare Department, Government of Tamil Nadu is taking all-out efforts to contain the spread of n-COVID 19. I am conscious of the fact that your institutions have already been extending good cooperation in creation of awareness at the gross root / community level. Being a para medical / service institution which plays a pivotal role by placing nursing man-power at the disposal of needy areas, I, at this crucial juncture once again request you to extend your fullest cooperation to the Government of Tamil Nadu in the fight against n-COVID 19.
