Respected Sir/Madam,

It has been observed by the Council through the inspection reports that Bed Occupancy Rate of 70% is not maintained sustainably by the private hospitals throughout the year for the Nursing students to get adequate hands on training at Private hospitals. Hence, all the institutions are instructed as a Mandate to have a **Government Hospital (Taluk, District & Teritary hospitals) tie-up to improve the quality of training provided to the Nursing students.**

So, at the earliest, do the needful and submit the Government hospital tie-up order situated within 30kms radius of your institutions to proceed further action to grant 2020-2021 CPR(Continuation of Provisional Recognition).

Yours faithfully,

Dr.S.Ani Grace Kalaimathi,
REGISTRAR
